We're working with small businesses to achieve net zero carbon emissions and meet 90 percent of Michigan's energy needs with clean resources by 2040.

Our goal is for all Michiganders to experience a clean energy future.

"We love the lights! They brighten our spaces and are especially nice in the kitchen. We look forward to savings on our energy bills in the future.

Everyone involved in this process was so kind and made sure that we were well informed."
