

Consumers Energy for Trade Allies

August 2022

This edition contains the following updates: Active Budget Meters, Reminder: Fall 30/20 Bonus, Chiller Tune-up Bonus, Michigan Business Online Application Launch, Help Us Help Michigan Schools, Reminder: Boiler Tune-up Incentive Updates, Business Instant Discount, Small Business Program and Upcoming Webinars.

Active Budget Meters

These meters represent the amount of incentive dollar savings already active for the large business program this year. Meaning we have **15% of electric savings budget left to achieve our goal** and **2% for natural gas savings**. Time to submit your applications to reserve the remaining funds!

Reminder: Fall 30% to 20% Bonus

Earlier this month we launched our Fall Bonus offering a 30% bonus to Trade Allies and contractors when you submit a final application between Aug. 15th and Sept. 15th and a 20% bonus for final applications submitted by Oct. 31st. The bonus is calculated from the final paid incentive amount.

Details:

- Starts Aug. 15th, see the chart below for submission deadlines
- Applies to both electric and/or natural gas measures
- Minimum incentive amount of \$10,000 per project
- Can be combined with all bonuses **except** the Missed 2021 Application Bonus and the Boiler or Chiller Tune-up Bonus
- Must opt-in, opt-in form must be submitted with the final application
- [Click here for official rules and opt-in form](#)
- Contact your Energy Advisor for more details

Bonus structure	
Total Project Base Electric and/or Natural Gas Incentives must be greater than \$10,000	
Final Application received by Sept. 15, 2022	30% bonus paid
Final Application received by Oct. 31, 2022	20% bonus paid

New: Chiller Tune-up Bonus

Take advantage of your customer's operational downtime by performing chiller tune-ups. Starting today, Aug. 31st through Nov. 30th, we are incentivizing our Trade Allies to perform them with a per paid application bonus. [See official rules here](#) and the bonus structure below. Must be a registered Trade Ally to receive the bonus and no opting-in is required.

Category	Measure	Bonus Total
Air and Water-Cooled Chiller Tune-Up	TU201b: 150 to 999 Tons	\$500 per paid application
Air and Water-Cooled Chiller Tune-Up	TU202c At Least 1,000 Tons	\$1,000 per paid application

All Bonus Recap Table

We are offering an unprecedented amount of bonuses for an unprecedented amount of time. [Click here](#) or on the table below to see a full size version of the matrix and all the compelling bonuses we are offering to ensure you are maximizing the value of the program offers for you and your customers.

Just Launched! Michigan Business Online App

In the spirit of streamlining your workload, Consumers Energy and DTE are launching a combined online application, called the Michigan Business Online Application. This app will operate just like the online app you have been using, but now, if you have a Consumers Energy, DTE or combined customer project you can submit both applications in one location.

We are easing into things with a trial period where the [Consumers Energy only online application](#) and the [Michigan Business Online Application](#) are both available until Oct. 1st, which is when we will only have the combined application available. See our [FAQ guide here](#).

Please enter all new applications into the combined application, [available here](#).

Help Us Help Michigan Schools

It's been a hard year for all of us, so we are looking to give back to Michigan schools and pay our contractors and distributors while doing so. We are offering to complete select energy efficiency updates to schools in need. We are connecting with schools that don't have the funding to complete these projects and haven't engaged with you or us yet. And we need your help!

We are looking for:

- Contractors interested in performing the installation of the more complicated measures, like LED tubes and fixtures.
- Distributors interested in selling us the energy efficiency products, like water savers, air purifiers, pipe wrap, LEDs and more.

If your company is interested in either or both [fill out this form](#), and we will connect with you in September.

Reminder: Boiler Tune-Up Incentive Change

We evaluated our Process Boiler Tune-Up levels and decided to increase the MBH ranges and the incentives. These incentive rates are effective August 1st, 2022.

Old 2022:

TU102a	Process Boiler Tune-Up	Level 4	300 to 499 MBH	\$150.00	Boiler
TU102b		Level 5	500 to 1,199 MBH	\$350.00	Boiler
TU102c		Level 6	At Least 1,200 MBH	\$500.00	Boiler

New 2022:

TU102a	Process Boiler Tune-Up	Level 4	300 to 2,999 MBH	\$350.00	Boiler
TU102b		Level 5	3,000 to 9,999 MBH	\$1,250.00	Boiler
TU102c		Level 6	At Least 10,000 MBH	\$2,000.00	Boiler

Below is an itemized list of changes:

1. Level 4: boiler size upper limit has been expanded from 499 MBH to 2,999

- MBH and its incentive was raised from \$150 to \$350.
2. Level 5: boiler size lower limit was raised from 500 MBH to 3,000 MBH while its upper limit was lifted from 1,199 MBH to 9,999 MBH and its incentive more than tripled from \$350 to \$1,250.
 3. Level 6: boiler size lower limit was raised from 1,200 MBH to 10,000 MBH and its incentive quadrupled from \$500 to \$2,000.

Business Instant Discount

Flat Panels have been approved for the Business Instant Discount Program, see the discount below. While we prepare our systems for the launch, send us Flat Panel products that you want added to our APL. We will inform you when you can start selling to eligible customers and submitting transactions for reimbursement.

Measure	Instant Discount
1x4 LED Flat Panel (1500-3000 lm)	\$3.00
1x4 LED Flat Panel (3001-4500 lm)	\$4.00
1x4 LED Flat Panel (4501-6000 lm)	\$7.00
2x2 LED Flat Panel (2000-3000 lm)	\$6.00
2x2 LED Flat Panel (GT 3001 lm)	\$8.00
2x4 LED Flat Panel (3000-4500 lm)	\$4.00
2x4 LED Flat Panel (4501-6000 lm)	\$7.00
2x4 LED Flat Panel (GT 6001)	\$9.00

Steam traps can be purchased from a participating distributor and we instantly discount them up to \$75/trap. Please note the discount cannot exceed the MSRP of the trap.

If you have a customer purchased steam traps in 2021 but DID NOT get the instant discount, you can submit an application and get the Missed 2021 Application 20% bonus on the paid project amount!

Use the [Find A Distributor](#) link to find your local distributor or connect with your Energy Advisor to learn more.

Small Business Energy Efficiency Program

1. **Reminder:** Effective July 1, 2022, the incentive for prescriptive lighting measures in our Small Business Program **increase three cents to \$0.20/kWh**, up from \$0.17/kWh.

2. SBEEP is participating in the 2021 project lookback, please see your Energy Advisor with details on how to participate.

3. The large business bonuses are only available through the prescriptive PDF or online application and Small Business Energy Efficiency Program projects are NOT eligible for these bonuses.

However, there are many ongoing Small Business bonuses launched in May.

Bonuses include:

- **New & Re-engagement Trade Ally Bonus**
- **Quarterly Quality Bonus**
- **Non-Lighting Bonus**

[Click here for full details](#) on all these bonuses.

Upcoming Webinars

Facility Design & Construction Best Practices for Efficient Indoor Agriculture

Thursday, Sept. 08 | 1 - 3 p.m.

Virtual

Resource Innovation Institute (RII) is hosting a free workshop to help you and your customers identify the key performance indicators and targets to guide production, design best practices for reducing energy use and operating costs while maximizing our incentives.

Register Now

Controls & Automation Best Practices for Efficient Indoor Agriculture

Thursday, Sept. 29 | 1 - 3 p.m.
Virtual

Resource Innovation Institute (RII) is hosting a free workshop to help you identify the following areas of opportunity for your customers:

- How Controls Impact CEA Crops
- Benefits of High-Performance Controls for Indoor Facilities
- CEA Controls Types
- Optimizing Controls System Design
