

Personal Attention

Updating your facility with energy efficient products to save energy and money can be an intimidating endeavor. That's why we created a program designed to guide your business every step of the way. This exclusive program is limited to the number of participants each year, allowing for a truly personalized experience.

Benefits:

- Personalized on-site facility evaluation
- Guided energy efficiency experience with an expert coach
- Access and insight into all energy efficiency offerings for your business
- Consultation and support through the entire process

We are here to assist you

Consumers Energy is here to help you reduce your energy use and lower your business' energy bills.

Your Energy Coach will guide you through each step of your energy efficiency playbook and provide resources to develop your energy team.

Energy Coaching

Helping you reach the next level of energy efficiency savings

Your Energy Efficiency Playbook

It's hard to know what your business needs to focus on and where to get help. That's why we developed an energy efficiency playbook to help your business lower your monthly energy bills with little strain on your valuable time.

Schedule your Energy Coaching session at Mienergycoach@cmsenergy.com.

“The process was hassle-free, very low risk and extremely easy to navigate with the help of [the] team at Consumers Energy... I would happily endorse your program to any business looking to become more environmentally friendly or reduce monthly expenses.”

**Jason Meekhof, President
Industrial Metal Cleaning Corporation**

Kick off

Schedule your first Energy Coaching call to learn about enrollment opportunities available to your business.

In-Person or Virtual Visit

Your Energy Coach visits your business to build an actionable report identifying your unique energy savings opportunities.

Evaluation & Goal Review

Meet with your Energy Coach to review the site visit report and recommendations. Together, you can prioritize the next steps toward building an energy efficient facility and lowering your monthly energy bill.

Build Your Energy Team

Your coach checks in on the progress of implementing the energy efficiency recommendations and strategizes with you on how to build your own energy team to stay on course.

Ongoing Support

Your Energy Coach will return for a site visit and provide additional support and training, as requested. Your Energy Coach is there for you to discuss future goals and help you achieve them.
