

Fall 2023 Electric Projects Early Completion Bonus

Consumers Energy is excited to offer special bonus incentives to encourage expedited completion of, and timely submittal of energy efficiency incentive applications for, energy efficiency projects that will reduce electricity use. This bonus offer applies to Incentive Applications for projects that include eligible electric incentive measures for which a Final Application has not yet been submitted. Residential Agricultural projects and Request for Proposal (RFP) projects are not eligible for this bonus offer.

This bonus offer is applicable to eligible electric incentive measures implemented by qualified Consumers Energy electric customers, for which incentives are requested as follows:

- **20% Incentive for Complete Final Applications submitted between October 1, 2023, and October 31, 2023.**
- **10% Incentive for Complete Final Applications submitted between November 1, 2023, and November 30, 2023.**

The sum of the Fall 2023 Electric Projects Early Completion Bonus incentives and the Fall 2023 Natural Gas Early Completion Bonus incentives cannot exceed \$20,000 per project/site, and these bonus incentives are subject to all existing Consumers Energy Business Energy Efficiency Programs incentive caps and limits (i.e., 100% cost cap for prescriptive measures, 50% cost cap for custom measures, annual incentive limits, etc.).

The applicable bonus incentive will automatically be applied to eligible electric incentive measures and be paid together with all approved base incentives on a single check to the Customer, or to the third party authorized to receive the incentives by the Customer.

Eligibility

Qualified Consumers Energy customers must submit a Complete Final Application requesting incentives for eligible electric incentive measures between the applicable bonus incentive beginning date and end date specified for this offer and comply with all bonus rules specified in this document to receive the bonus incentive specified for those dates. Eligible electric incentive measures are as follows:

- Prescriptive and custom electric incentive measures implemented between the applicable bonus incentive beginning date and end date, for which pre-notification is required and a qualified Pre-Notification Application was submitted prior to or between the applicable bonus incentive beginning date and end date.
- Prescriptive and custom electric incentive measures implemented between January 1, 2022, and the applicable bonus incentive beginning date, for which pre-notification is required and a qualified Pre-Notification Application was submitted prior to the applicable bonus incentive beginning date.
- Prescriptive and custom electric incentive measures implemented between January 1, 2022, and the applicable bonus incentive end date, for which pre-notification is not required.
